English to Korean	Translation	Per Source Word	**$0.17**
English to Japanese	Translation	Per Source Word	**$0.18**
English to ALL OTHER LANGUAGES	Translation	Per Source Word	**$0.18**

QA*

All of our linguistic services include a proprietary ISO 9001:2008 Certified QA (Quality Assurance) process performed by one of our Project Managers consisting of:

1. Verification of completeness: This includes the overall review of exported content to ensure that it has been translated entirely and that there is no missing text anywhere or issues like missing bullets, issues on the dates, currencies or numbers or other common format issues.

2. Verification of Style Guide and Glossary: If the client has a set Style Guide for communications and a glossary of terms, our verification scan, automatically finds any discrepancy in regards to guidelines and terms. This process allows us to find and fix any terminology of style guide issue.

3. Grammar and Spell Check Verification: We run spell check on a specialized software tool that identifies any typos or grammatical concordance issues.

4. Verification with Quality Assurance Tool: Bilingual files are revised using a QA program that detects issues such as lack of number concordance, double spacing, source and target inconsistencies and glossary inconsistencies.

DTP SERVICES

This service includes formatting of original designer files to maintain the same page layout on the translated version. Below a partial list of the applications we can work on:

CorelDraw / FrameMaker / PageMaker / PO / XML / XLIFF / PHP / Flash / HTML / Dreamweaver / Illustrator / Photoshop / Fireworks / InDesign / Publisher / Visio / QuarkXpress / Among others...

TRANSCRIPTION SERVICES

We have capabilities to transcribe any audio or video file in most languages regardless of format, dialect, amount of speakers or country of origin. Our transcription professionals use state of the art technology to decipher contents on most audio and video files and provide you with a user-friendly text document that allows you to identify sections by speaker or time. We also offer notarized transcriptions for legal purposes, focus group transcriptions and medical transcriptions.

LANGUAGE	TASK	UNIT	US DOLLARS
English	Transcription of Audio / Video	Per Minute	$1.50
Spanish	Transcription of Audio / Video	Per Minute	$1.50
ALL OTHER languages	Transcription of Audio / Video	Per Minute	$8.00

OVER THE PHONE INTERPRETING

OTP interpreting is a service that connects human interpreters via telephone to individuals who wish to speak to each other but do not share a common language. The telephone interpreter converts the spoken language from one language to another, enabling listeners and speakers to understand each other.

LANGUAGE	TASK	UNIT	US DOLLARS
Spanish	OTP Interpreting	Per Minute	$1.00 - $1.20
ALL OTHER languages	OTP Interpreting	Per Minute	$1.25 - $1.75

VIDEO REMOTE INTERPRETING

VRI is a form of sign language interpreting that allows people who are deaf or hard of hearing to communicate with a hearing person at the same site via videoconferencing instead of live, on-site interpreting. VRI can also be used as an option to OTP interpreting for language interpretation. It is particularly useful when visual context is helpful to understand the message been communicated. VRI is also a good option when (1) there is a lack of available qualified interpreters, such as at a rural location; and (2) when an interpreter is needed immediately and there is no available interpreter on-site.

LANGUAGE	TASK	UNIT	US DOLLARS
American Sign Language	VRI	Per Minute	$3.25
Spanish	VRI	Per Minute	$2.00
ALL OTHER languages	VRI	Per Minute	$2.50

REMOTE SIMULTANEOUS INTERPRETING

RSI is the process of translating speech from one language to another in real-time. RSI eliminates the need for on-site interpreters and equipment—reducing costs, carbon emissions, and the burden on event organizers

LANGUAGE	TASK	UNIT	US DOLLARS
Spanish	RSI	Per hour (1 hour minimum	$350
ALL OTHER languages	RSI	Per hour (1 hour minimum	$500
